## **Student Storage and Shipping Services**

Angel Anywhere and Angel Storage specialise in providing students with simple storage solutions and/or cheap shipping services throughout the UK and to over 220 countries worldwide.

As we are a growing business we'd like to propose a Sponsorship arrangement of £5 for every member of Fitzwilliam that uses our storage services over the holiday period and we'll also donate a tree to the brilliant Trees for Life charity. We'll run the reports and keep you updated on the number of students using our services, so there'll be no admin to worry about.

The more college members that use our services the more revenue we can return to your society. From past experiences we predict that a minimum of 20 students from your college would use Angel Storage, which will equate to £100 sponsorship towards your college and 20 trees donated to the Trees for Life charity.

In the mean time please follow the links to our website <https://www.angelanywhere.com/> or our Facebook page <https://www.facebook.com/AngelServices?ref=hl>, where there's more information about current prize giveaways we are running for all our potential customers and the charity projects we're involved in and in the mean time we'd like to offer everyone in your college a 10% discount on all storage and shipping prices this summer – using the promotion code FITZWILLIAMCOLLEGECAMBRIDGE.
