

George Richmond, Male Welfare Exec

Too few Freshers' know who their Welfare Executives are and even fewer know how to access them. I want to change this- I want to offer A PUBLICLY ACCESSIBLE figure for ALL YEAR GROUPS, who will routinely post, message and advertise my role and encourage people to feel free to access help when they need it.

Though I am a FIRST YEAR HISTORIAN, I have held a variety of roles which qualify me to be ACCESSIBLE AND APPROACHABLE for people and to represent all of you.

I was a Deputy Member of the Youth Parliament where I helped prepare a mental health survey of the county's schools and I ensured that a record number of students were able to vote on the key issues that concerned them across my county.

Now I am Chapel Clerk where I work closely with the Chaplain with helping with his responsibilities for welfare and mental health.

I am a committed and organized member of the Fitz Debating Society Committee.

I want:

- More evening drop-in sessions with incentives such as free pizza
- More chillin' sessions held at the JCR to allow people to socialize and relax together-film nights and game nights
- Encouragement for the chaplain to continue mindfulness classes into Lent and Easter terms
- To continue all successful programs of my predecessors
