Pledges:

- Greater transparency on budgeting to gain trust of students and the JMA
- Move JCR finance to a digital bank account to streamline payments and reimbursements
- Reducing budget surplus and pushing to roll any surplus over to the next year
- Stand up for the views of the JCR on Committees, from election pledges and consultations with students
- Compile an easy guide on student finance and on the costs of being at Fitz (including transparency on the college bill breakdown)
- Budget everything properly
